***Allowable Subject Matter***

Claim 1 has been amended to specify that the substrates to which the claimed composition is applied are those made of paper, synthetic resin film, and synthetic fiber fabric. *Kleyer* does not contemplate the application of an equivalent composition to surface comprising these materials thus the prior art rejection is hereby withdrawn.

Kimura, U.S. Patent # 6,838,499 and Hirabayashi et al., U.S. patent # 5,521,245 both disclose addition-curable silicone compositions containing silicone elastomer particulate as an essential additive. In neither case is it suggested that the compositions are coated onto a surface made from one of the aforementioned materials.

The references cited during the prosecution of this case represent the most relevant known prior art documents. Insofar as they fail to even render obvious the claimed invention, claims 1-3, 5-8, and 10 are deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone
